Program Description

This program is designed to make you feel empowered to take your future and career into your own hands. Whether you're inspired to work at an established barbershop or open one of your own.

In order to prepare for a career as a Barber Stylist you'll need to train in many skills of the trade, learn more than how to cut hair and groom beards. With this in mind, we offer updated content according to trends, to prepare the future professional to be able to carry out smoothing, fades, coloring, permanent and stylized cuts and much more.

Learning Objectives

This program and curriculum prepares students for State Licensing Examination to become a Licensed Barber Stylist, and to provide the appropriate training and hands on practice necessary for the students to become competent professionals.
